Self-pay Solutions for Patients

HealthFirst Solutions (HFS) offers patients a pre-established line of revolving credit exclusively for use within your healthcare system. We have no credit qualifications or finance charges. Providers may choose to offer their patients 0% interest for all account balances transferred to the patient's HFS card.

HFS is a self-pay medical financing program offering patients extended financing options. We fund providers up-front to instantly boost cash assets and help your organization grow.

Providers benefit from immediate reductions in their AR and increases in revenue. By eliminating credit requirements, every patient becomes eligible for an HFS account.

We create opportunities for patients who may have previously been exempt from financing due to income or credit limitations.
